Gentlemen

By letter (94 DOE 01495) dated February 2 1994 we transmitted the document entitled Technical Memorandum (TM) 1 Operable Unit No 2 Subsurface Interim Measure/Interim Remedial Action Soil Vapor Extraction (SVE) Pilot Test dated January 1994

We are re submitting this document as revision O and dated February 1994 In the meeting held February 4 1994 with your staff we discussed the potential of mobilization of Non Aqueous Phase Liquids (NAPLs) during groundwater dewatering The DOE agrees with your conclusion (verbal communication on February 7 1994) that we should conduct the groundwater dewatering tests

We would appreciate your approval of this TM as soon as possible as the tests currently planned to begin February 14 1994

If you have any questions please direct them to Scott Grace at extension 7199 or Eric Dille at extension 4651

Sincerely

Martin H McBride
Acting Assistant Manager for
Environmental Restoration
